RE: ODOT POR-43/43D-11.87/0.00; PID 101270
Final Legislation, Contract Approval and Appropriations Modification

The Ohio Department of Transportation (ODOT) has requested final legislation and approval to execute a contract for the resurfacing of SR 43 and minor bridge work on the two bridges on Haymaker Parkway. The project previously received Kent City Council approval under resolution 2015-137. The project primarily includes the resurfacing of SR 43 in Kent starting at West Main Street and continuing north to the City Limits. ODOT will be milling the existing pavement approximately 2", perform minor pavement repairs, and then adding two inches of new asphalt. The pavement work also includes concrete repairs to Gougler Avenue.

The project is scheduled to be advertised in August 2022 with construction anticipated to start in April 2023 and be completed by September 2023. The project was delayed previously due to funding concerns by ODOT.

Due to the significant increases in inflation, the project budget has increased since the preliminary legislation was passed. Therefore, we are requesting \$150,000 in additional appropriations to complete the project from Fund 301. In addition, we recently received notice from ODOT's Highway Safety Improvement Program that the Gougler/River Street project will not receive funding at this time. Therefore, to update the budget and to compensate for the increase in funding required for the paving of SR 43, we are also requesting to eliminate the appropriations for the Gougler/River Street Improvements project. This is a \$260,000 reduction in appropriations and a \$230,000 reduction in anticipated revenue.

The Service Department recommends approval to participate with ODOT on this project.
