Director Report

1. John told the board members about a senior (50+) survey. John has posted the survey on line and will tell the newspapers and send it with the next on-line newsletter and will take survey boxes around to senior centers, libraries, University Hospital etc. We would like to know what activities seniors have an interest in. Melissa has an hour during councils next work session and will have 4 speakers on senior's centers and aging well.

2. Contract for purchase agreement 500 Middlebury Rd has been signed.

3. We have to close 43 overnight to pour the base and curbs and install a brick sidewalk. The slope by the old police will be regraded after the building is built. A low grow slope seed mix is being used to reduce the need for mowing.

4. 5. 6. 7. 8. Are all self-explanatory.

Recreation Report We will be running the Portage County Basketball League with over 50 teams. Nancy asked if anyone could help at Art in the Park. We have 99 artist and 27 youth this year.

Park Report. Self explanatory
